DETAILED ACTION

Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an Examiner's statement of reason for allowance: Claims 1-10 are allowed, because the prior art does not disclose all the specific elements recited in 1, 7 and 10. In particular, elements involving "if the user introduces a second action for removing the track to be considered and highlighted in the first area of the screen, and if several occurrences of the track to be considered are displayed in the second area displaying at least part of the play list, removing the last occurrence of the track to be considered in the play list displayed in the second area" are not obvious in the prior art taken alone with all the other limitations. While the overall method has analogous prior art, including Lee and Myers, Jr., the details of the method render claims 1, 7 and 10 allowable. Claims 2-6, 8 and 9 are allowable because they depend from claims 1, 7 and 10.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
